“Maternitat a la Distància” talk

On November 29, the "Maternitat a la Distància" talk was held at the University of Lleida. Our students were able to get closer to the phenomenon of female migration with the help of experts: Irene Claro (Law), Maite Aurrekoetxea (Sociology) and Monica Perdomo (Psychology).

After the seminar, the students recorded interviews with women who live in Catalonia but whose children are in other countries.

With the financial support of [La Paeria](https://www.paeria.cat) [<https://www.paeria.cat>] – Lleida
